

Healthy Climate® HEPA Bypass Filtration System

Healthier

- » **True HEPA system** means the entire system has been tested to meet industry standards for particle/bioaerosol filtration
- » **Up to 99.97%** efficient in removing particles and bioaerosols down to 0.3 micron*
- » **Sealed, bypass design** contains particles and prevents them from escaping
- » **Optional carbon canister** helps trap and remove odors**
- » **No ozone emissions**, a known lung irritant

Home comfort

- » **Powerful, yet quiet performance** completely and quietly filters the air inside your home, several times a day
- » **Easy integration** designed to work with Lennox® heating and cooling systems for total home comfort
- » **Flexible installation options** included whole-home or single zone for optimum filtration of a desired living space

Reliable performance

- » **Quality you can trust** – designed with reliable, time-tested components
- » **5-year limited warranty** on covered components†

HEPA Bypass
